Process & Compliance: Six Sigma | Lean Methodology | ASAM Criteria | HIPAA Compliance | Accreditation Standards | EMR/EHR Systems

Tools & Software: Microsoft Excel | Google Workspace | EMR/EHR Platforms | Cloud-based Documentation Systems

WORK EXPERIENCE

Program Lead Counselor | Denver Children's Home, Denver, CO *January 2023 – Present*

- Drive program operations for a residential youth treatment facility, coordinating scheduling, documentation, and cross-departmental communication across clinical, operations, and administrative teams serving 30+ clients at any given time.
- Manage EMR documentation workflows for 15+ active cases, maintaining 100% regulatory compliance through rigorous auditing and standardized reporting processes.
- Lead scheduling coordination for 15+ weekly treatment meetings, case reviews, and multidisciplinary team discussions, reducing scheduling conflicts by proactively managing dependencies.
- Prepare weekly and monthly performance reports for program leadership using Microsoft Excel and Google Workspace, informing resource allocation and program improvement decisions.
- Coordinated staff onboarding for 8+ new hires, developing training materials, scheduling orientation sessions, and tracking documentation completion to accelerate time-to-productivity.
- Serve as primary liaison between clinical teams, families, and 2+ external service providers, ensuring coordinated care continuity and timely stakeholder updates.
- Streamlined scheduling workflows for residential treatment programming by implementing standardized communication and calendar tracking processes.

Program Manager, Recreational Therapy | Mountain Springs Recovery *2022 – 2023*

- Managed all operational aspects of a multi-provider recreational therapy program, overseeing scheduling, budget tracking, technology resources, and process workflows in a behavioral health environment.
- Spearheaded implementation of standardized, evidence-based curricula across 3 treatment tracks, integrating Six Sigma methodologies to reduce process variation and improve clinical outcomes.
- Coordinated cross-functional project teams spanning clinical, operations, and administrative departments to hit program milestones, manage dependencies, and mitigate risk in a dynamic treatment environment.
- Partnered with leadership on strategic planning and innovation initiatives, aligning technology adoption and program expansion plans with organizational goals.
- Maintained compliance documentation across EMR and cloud-based systems in accordance with healthcare regulations and accreditation standards, achieving zero compliance findings during tenure.
- Supported onboarding and supervision of clinical staff, including performance documentation and structured feedback processes.
- Supported accreditation and compliance readiness through consistent monitoring of documentation standards and reporting accuracy.
- Coordinated 15+ weekly multidisciplinary meetings, supervision sessions, and treatment reviews, ensuring timely stakeholder alignment and continuity of care.
- Reduced scheduling conflicts by approximately 15% through proactive cross-functional communication and dependency coordination across clinical, operations, and administrative teams.

Lead Therapist | Tampa Community Hospital, Tampa, FL *2021 – 2022*

- Coordinated therapy schedules and facilitated communication between clinical staff and multidisciplinary treatment teams in an acute hospital setting.
- Documented patient progress and treatment outcomes within hospital EHR systems, maintaining accurate records in accordance with hospital compliance policies.
- Prepared program documentation and clinical reports to support treatment planning and clinical oversight across multiple departments.

EDUCATION

Bachelor of Science, Recreational Therapy | Minor in Psychology, Communications
Nova Southeastern University

2021
